We make early education and daycare joyful, engaging, and fun for infants, toddlers, and preschool-aged children! Since 2002, The Learning Experience has been positively impacting the lives of children ages six weeks to six years by developing and implementing ground-breaking childcare and early education programs. Our proprietary curriculum encourages children to learn in their favorite way: by exploring and doing. This forms a foundation for kids to Learn, Play and Grow under the care of our nurturing teachers.The Learning Experience curriculum is created to meet or exceed nationwide standards and it's all-inclusive,with all curriculum programs and enrichment programs like music, engineering and fitness, offered at no additional charge.
